

CASEORA

AI-Powered Advocate Case Management System

Tagline: **One Case. One Timeline. Complete Control.**

1. Advocate Profile

Field / Feature	Meaning
Advocate Name	Full name of the advocate handling cases.
Enrollment Number	Official enrollment/registration number issued by the Bar Council.
Bar Council Details	State Bar Council and other professional registration details.
Mobile Number	Advocate's contact number.
Email	Official email used for CASEORA notifications and communication.
Office Address	Address of the advocate's office.
Specialization	Area of legal practice, such as Criminal, Civil, Family, Corporate, Property, etc.
Profile Photo	Advocate's professional photograph.

2. Case Registration

Field / Feature	Meaning
Case ID	Unique ID generated by CASEORA for internal identification, e.g. CASE-2026-001.
Case Number	Official case number assigned by the court.
Case Type	Category of case, such as Civil, Criminal, Writ, Family, Bail, Appeal, etc.
Year	Year in which the case was registered/filed.
Filing Date	Date on which the case/application was filed before the court.
Registration Date	Date on which the court officially registered the case.
Court Name	Name of the court hearing the matter.
Court Number	Courtroom or bench number.
Judge Name	Name of the judge or judicial officer.
District	District where the court is located.
State	State where the court is located.
Case Status	Current status such as Active, Pending, Disposed, Transferred, etc.
Case Priority	Importance level such as Low, Medium, High, or Critical.

3. Party Details

Field / Feature	Meaning
Client Name	Person or organization represented by the advocate.
Client Contact Details	Client's mobile number, email, and other contact information.
Client Address	Residential or business address.

Field / Feature	Meaning
Your Party	The client's role: Plaintiff, Defendant, Applicant, Respondent, Petitioner, Appellant, Accused, Complainant, etc.
Opposite Party Name	Name of the person or organization on the other side.
Opposite Party Details	Address, contact, and other relevant information.
Opposite Advocate Name	Name of the advocate representing the opposite party.
Opposite Advocate Contact	Contact information of the opposite advocate, if available.

4. Court Details

Field / Feature	Meaning
Court Name	Name of the court.
Court Number	Courtroom or bench number.
Judge/Bench	Judge or bench hearing the matter.
Court Address	Physical address of the court.
Case Number	Official case number.
Filing Number	Number associated with the filing before registration.
Registration Number	Number assigned after registration.
CNR Number	Unique Case Number Record identifier used in India's e-Courts system.
FIR Number	First Information Report number, where applicable.
Police Station	Police station connected with the criminal matter, if applicable.
Sections/Acts	Legal provisions or Acts involved in the case.
Related Cases	Other cases connected to or relevant to this case.

5. Hearing Calendar

Field / Feature	Meaning
Hearing Date	Date on which the case is listed before the court.
Court	Court where the hearing takes place.
Purpose	Reason the case is listed, e.g. reply, arguments, evidence, appearance, bail, order, compliance, or notice.
Previous Proceedings	A record or summary of what happened in earlier hearing(s) before the current hearing. It provides context for the present hearing.
Next Action	Action the advocate needs to take after the current hearing.
Next Hearing Date	Date fixed by the court for the next hearing.
Reminder/Notification	Alerts the advocate before hearings or important deadlines.

6. Case Diary

Field / Feature	Meaning
What happened?	General description of what occurred during the hearing.
What did the court say?	Important directions, observations, or statements made by the court.

Field / Feature	Meaning
What did the advocate submit?	Documents, applications, replies, or other material submitted.
Client present/absent	Records whether the client attended.
Opposite party present/absent	Records whether the opposite party attended.
Exemption required	Indicates whether exemption from personal appearance is needed.
Court decision	Records what the court decided or directed.
Next step	Action required after the hearing.
Next hearing date	Date fixed for the next proceeding.

7. Exemption Management

Field / Feature	Meaning
Client Name	Client for whom exemption is requested.
Hearing Date	Hearing for which appearance is being exempted.
Reason for Absence	Reason the person cannot attend.
Exemption Application	Application submitted requesting exemption.
Supporting Document	Evidence supporting the reason, such as a relevant certificate.
Submission Date	Date the application was submitted.
Court Response	Whether the court accepted, rejected, or otherwise dealt with the request.
Order	Court order related to exemption.
Next Date	Next scheduled hearing date.

8. Task Management

Field / Feature	Meaning
Tasks	Examples: Prepare Reply, File Exemption, Prepare Affidavit, Collect Documents, Submit Evidence, Prepare Arguments, Check Order, Contact Client, Prepare Bail Application, Submit Compliance.
Due Date	Deadline by which the task should be completed.
Priority	Importance level of the task.
Status	Pending, In Progress, Completed, or Overdue.
Assignment	Task can be assigned to an advocate, associate, or clerk.

9. Document Management

Field / Feature	Meaning
Folders	Separate folders can be maintained for Petition/Plaint, Written Statement, Replies, Applications, Exemption, Evidence, Affidavits, Exhibits, Orders, Judgments, Bail Documents, and Other Documents.
Supported Files	PDF, DOC, DOCX, JPG, PNG, and scanned documents.
Purpose	Keeps all documents organized within the relevant case.

10. Exhibit Management

Field / Feature	Meaning
Exhibit Number	Official/reference number of the exhibit, e.g. Exhibit P-1.
Document Name	Name of the document.
Description	What the document contains.
Upload Date	Date added to CASEORA.
Related Hearing	Hearing where the exhibit was produced or referred to.
Original Document	Indicates whether the original is available.
Notes	Additional information about the exhibit.

11. Order Management

Field / Feature	Meaning
Order Date	Date on which the order was passed.
Order Type	Bail Order, Interim Order, Final Order, Procedural Order, Direction, Judgment, etc.
Original Order PDF	Uploaded original court order.
Advocate's Notes	Private working notes about the order.
AI Order Summary	AI-generated plain-language summary of the order. The original order should remain available for verification.

12. AI Case Summary

Field / Feature	Meaning
Case Summary	AI-generated concise explanation of the case.
Parties	Identifies the parties and their roles.
Dispute	Explains the main dispute or issue.
Court	Summarizes court and case information.
Important Dates	Extracts filing, registration, hearing, order, and deadline dates.
Important Documents	Identifies relevant uploaded documents.
Sections/Acts	Extracts legal provisions or Acts appearing in the documents.
Previous Orders	Summarizes important earlier orders.
Current Stage	Identifies the apparent stage of the case.
Pending Tasks	Highlights unfinished work.

13. AI “What Happened?”

Field / Feature	Meaning
Purpose	Answers: What has happened in this case so far?
How it works	AI converts hearing history and case records into a simple chronological summary.
Example	Case Filed → Notice → Appearance → Reply → Evidence → Exhibits → Arguments → Order.

14. AI “What Next?”

Field / Feature	Meaning
Purpose	Answers: What needs to happen next?
Current Stage	Shows the apparent current stage.
Completed Steps	Lists completed procedural stages.
Pending Steps	Lists incomplete steps.
Next Action	Suggests the next recorded action based on available case information.
Next Hearing	Shows the next hearing date.
Documents Required	Highlights documents that may be needed based on the case records.

15. Case Timeline

Field / Feature	Meaning
Timeline	Case Filed → Notice → Appearance → Reply → Exemption → Evidence → Exhibits → Arguments → Order → Judgment → Disposed.
Interactive Stage	Each timeline stage can open related notes, hearing entries, and documents.

16. Case Disposal

Field / Feature	Meaning
Disposal Date	Date on which the case ended.
Final Result	Allowed, Dismissed, Partly Allowed, Bail Granted, Bail Rejected, Acquitted, Convicted, Settled, Compromised, Withdrawn, Transferred, or Other.
Judgment/Order	Final court order or judgment.
Reason	Short explanation of the final outcome.
Final Documents	Final judgment/order and related documents.
Advocate Notes	Final professional notes about the case.

17. Disposed Case Archive

Field / Feature	Meaning
Purpose	Disposed cases remain saved rather than being deleted.
Search Fields	Case Number, Client Name, Year, Court, Case Type, CNR Number, and Disposal Date.

18. Search

Field / Feature	Meaning
Search By	Case Number, Client Name, Opposite Party, Court, CNR Number, Document, Order, or Keyword.
Example	Searching a CNR Number can locate the related case and its records.

19. Notifications

Field / Feature	Meaning
Today's Hearing	Reminder for hearings scheduled today.
Tomorrow's Hearing	Reminder for hearings scheduled tomorrow.
Upcoming Hearing	Advance reminder for future hearings.
Pending Task	Alert for unfinished work.
Reply Deadline	Reminder about a reply/submission deadline.
Exemption	Reminder for exemption-related work.
Compliance Date	Reminder for compliance deadlines.
Important Order	Notification when an important order is added or requires attention.

20. Advocate Dashboard

Field / Feature	Meaning
Total Cases	Total cases stored in the advocate's account.
Active Cases	Cases currently being handled.
Pending Cases	Cases still awaiting further proceedings.
Upcoming Hearings	Future hearing schedule.
Pending Tasks	Tasks not yet completed.
High-Priority Cases	Cases marked high or critical priority.
Disposed Cases	Cases that have ended.
Today's Schedule	Today's hearings and important tasks.

21. Security

Field / Feature	Meaning
Secure Login	Protected login using credentials.
JWT Authentication	Token-based authentication for secure API access.
Role-Based Access	Different users receive permissions according to their roles.
Encrypted Documents	Sensitive documents should be protected using appropriate encryption.
Secure Database	Case information is stored in a protected database.
Automatic Backup	Regular backups reduce the risk of data loss.
Session Management	Controls active sessions and logout/expiry.
Audit Logs	Records important activities, such as uploads or changes.
PIN/Biometric Lock	Additional access protection where supported.

22. Team Management

Field / Feature	Meaning
Admin Advocate	Full access to cases, team, documents, hearings, tasks, and settings according to system permissions.
Associate Advocate	Works on assigned cases and can update relevant case records according to permissions.

Field / Feature	Meaning
Clerk	Can be given access to calendar, documents, hearing dates, and tasks.

Key CASEORA Concepts

Case Registration: creates the basic case record. **Previous Proceedings:** summarizes what happened in earlier hearings. **Case Diary:** records detailed notes for a hearing. **Tasks:** track work that must be completed. **Timeline:** shows the complete case journey. **AI What Happened?:** explains the history. **AI What Next?:** highlights pending and next actions.

Important distinction: Previous Proceedings is a concise historical context for the current hearing, while the Case Diary is the detailed record created after a particular hearing.

Note: CASEORA's AI features should assist advocates with organization and document understanding. Legal decisions and important factual/legal conclusions should be verified against the original court records and applicable law.
